

Sugar Picard

March 20, 2024

Sugar was a rescue cat.

My late Mother and I rescued her with another cat.

She leaves behind two other rescue cats.

She was a very gentle and laid back cat, and only 8 years old.

Her heart was so big her body could not sustain it.

When she passed we laid her on a blanket for 1 hour so all of our pets, we also have 4 dogs, could say goodbye.
