

## Sweetie

August 20, 2023

Sweetie was our childhood dog ever since she was barely a few months old. She loved to eat food, play with her squeaky toys, and go on so many fishing trips with her family. To her loved ones, she was more than just a dog. She was our friend and first love. We love Sweetie so much and hope she is doing well on whatever journey she's on.

“ Sweetie lived up to her name. I always enjoyed seeing her and she always made me smile. It always made me giggle when she would bark when I ate food, or when she wanted me to pet her during sleepovers. I know Sweetie is going to have a great time in Doggy Heaven, and she will be getting lots of belly rubs and treats.

“ Sweetie was my baby. No matter where I go, she will always be within my heart. I love you so much, Sweetie. I will never ever forget about you. I hope you're having so much fun wherever you are. Just know that there is always a home here with me to come back to.
