

Tig

October 7, 2024

Tig was a rescue baby when he found us it was snowing and he ran under my parked truck and he wouldn't come out. Tig was pulled out by me (Momma Joyce) from under the parked truck, I had to crawl in the snow and get down on my belly to reach him. I quickly placed him into my jacket and zipped it up that was in January 9 years ago. He was never claimed and became a great member of the family. Tig would never hurt anyone unless you count licking them to pieces. Tig was diagnosed with cancer in April of 2024 he was quickly becoming weak and fragile. Tig passed away quietly at home October 2, 2024.
