

Tigger Garza

February 11, 2026

In loving memory of Tigger who had the sassiest personality He was confident and you knew he was there. He always knew how to ask to go outside, he could literally tell me out for going outside which he loved to do. He would also come to me meowing and I would ask him to show me what he wanted and he would go straight to his food bowl. He loved to look out the windows to watch the birds which he would try to catch and never could. He had the cutest meow that his tongue would always stick out while meowing. Tigger knew how to charm anyone who would visit the house. Sadly he lost his vision when he turned 14 years old. He learned how to navigate the apartment. He was a constant presence that will be greatly missed by myself and his cousins who loved him very much. I had him by my side since he was 2 months old till he was 16.5 years old. He was born April 17th 2009 and passed away February 11th 2026. Not a day goes by that I don't think of Tigger. His wings were ready but my heart was not. I love and miss Tigger until my last breath.
