

Tundra Hernandez

February 7, 2024

Tundra was such a loving and caring dog. She loved going to play out in the backyard and laying in the sun. She loved to play fetch and going on walk with us. She loved getting all the loves for the kids when they would come and visit. We are going to miss taking her to the spa and getting pampered.

Tundra was so spoiled she knew if she gave us one look she would have anything we had. She sure did love her naps and even more when dad would lay next to her. Once you started to pet her there was no stopping she made sure you keep going. Almost 5 years ago you became apart of our family and we just knew the moment we saw you that you were meant for us. There were times you could be so stubborn but you were always loyal and faithful to us.

We are going to miss buying all the tennis balls just for you to rip them apart in five seconds. We know that you are gone but we know in our hearts that you will make your ways back to us and until then, we are going to miss you more than anything in the world. Thank you for coming into our lives and letting us love you as long as we got to. Our life's will not be the same without you. We love you so much Tundra and we are hoping to miss you more then anything.

Love always,

Dad, Mom, and Bash!
