

## Ubbe

July 25, 2025

Ubbe was a rescue and I fell in love with his grumpy face. While he looked like he wanted to eat you, he was the sweetest boy. When I brought astrid and hilde home, he took to them quickly even as they started to grow and tower over my little ubbe. All of my babies loved each other very much and both astrid and I will miss ubbe and hilde
