

Woody Cappilla

April 10, 2026

Woody came into our lives in 2007 and quickly became more than just a dog—he was my best friend. He loved being out on the water, riding along in canoes and kayaks like he belonged there. When he wasn't paddling beside me, he was happiest roaming freely, exploring everything around him with curiosity and joy. Woody had a simple spirit and a big heart, and every adventure was better with him by my side.
