

Zoey Walton

March 2, 2026

Zoey had no place to go. We don't really need another dog but we took her anyway and she became such a blessing. She had a serious heart issue but with the help of our vet we had her on meds and a "special" diet of chicken and steak! 😊. She lived over a year longer than expected but it still broke our hearts to lose her. She was the sweetest little dog, she was just happy to be with us. We will love and miss her always.

Thank you, Joel and Stefanie Walton
